

Status of Project Proposals Submitted to the EAMCEF for Funding Support (FY 2017/2018)

(1) Project Proposals Approved for Funding (Successful Project Proposals)

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---|---------------|------------------------------|-------------|--|------------------------|--------------------|
| (a) Protected Areas and Climate Change Management Projects | | | | | | |
| 1 | 01/2017/PA/SP | Chome Nature Reserve (CNR) | CNR | Routine Forest Management and Ecotourism Activities in Chome Nature Reserve (CNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 28,000,000.00 | Routine activities |
| 2 | 02/2017/PA/WU | Magamba Nature Reserve (MNR) | MNR | Routine Forest Management and Ecotourism Activities in Magamba Nature Reserve (MNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 26,000,000.00 | Routine activities |
| 3 | 03/2017/PA/EU | Nilo Nature Reserve (NNR) | NNR | Routine Forest Management and Ecotourism Activities in Nilo Nature Reserve (NNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 22,000,000.00 | Routine activities |
| 4 | 04/2017/PA/EU | Amani Nature Reserve (ANR) | ANR | Routine Forest Management and Ecotourism Activities in Amani Nature Reserve (ANR) for Biodiversity Conservation and Improvement of Community Livelihoods | 24,000,000.00 | Routine activities |
| 5 | 05/2017/PA/UL | Uluguru Nature Reserve (UNR) | UNR | Routine Forest Management and Ecotourism Activities in Uluguru Nature Reserve (UNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 25,000,000.00 | Routine activities |
| 6 | 06/2017/PA/NG | Mkingu Nature Reserve (MkNR) | MkNR | Routine Forest Management and Conservation Activities in Mkingu Nature Reserve (MkNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 24,000,000.00 | Routine activities |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|--|----------------|---|-------------|---|---------------------------|--------------------|
| 7 | 07/2017/PA/UD | Kilombero Nature Reserve (KNR) | KNR | Routine Forest Management and Ecotourism Activities in Kilombero Nature Reserve (KNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 24,000,000.00 | Routine activities |
| 8 | 08/2017/PA/UD | Uzungwa Scarp Nature Reserve (USNR) | USNR | Routine Forest Management and Conservation Activities in Uzungwa Scarp Nature Reserve (USNR) for Biodiversity Conservation and Improvement of Community Livelihoods | 26,000,000.00 | Routine activities |
| 9 | 09/2017/PA/UD | Udzungwa Mountains National Park (UMNP) | UMNP | Routine Park Management and Tourism Activities in Udzungwa Mountains National Park (UMNP) for Biodiversity Conservation and Improvement of Community Livelihoods | 25,000,000.00 | Routine activities |
| 10 | 10/2017/PA/EAM | Tanzania Forest Services (TFS) Agency | EAMs | Review and Up-dating the Overarching Conservation Strategy for the Eastern Arc Mountain Forests - Proposed World Heritage Site | 35,000,000.00 | New Project |
| Sub Total Protected Areas and Climate Change Management | | | | | 259,000,000.00 | |
| (b) Community Based Conservation and Development Projects | | | | | | |
| 11 | 11/2017/CD/EU | Korogwe District Council | ANR& NNR | Tree Planting for Biodiversity Conservation in Amani and Nilo Nature Reserves and Improvement of Livelihoods for the Adjacent Communities- Korogwe District | 10,000,000.00 | Ongoing Project |
| 12 | 12/2017/CD/UD | Kilolo District Council | KNR& USNR | Diary Goats Husbandry for the Improvement of Community Livelihoods and Biodiversity Conservation in Kilombero and Uzungwa Scarp Nature Reserves–Kilolo District | 8,000,000.00 | Ongoing Project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|---|--------------------|--|-------------------------------|-----------------|
| 13 | 13/2017/CD/NG | NAKYA GROUP | MkNR | Sunflower Farming for Improvement of Community Livelihoods and Biodiversity Conservation in Mkingu Nature Reserve-Mvomero District. | 10,000,000.00 | Ongoing project |
| 14 | 14/2017/CD/NG | Mvomero District Council | MkNR | Improved Crops and On-Farm Seeds Production for Improvement of Community Livelihoods and Reduction of Encroachment in Mkingu Nature Reserve – Mvomero District | 10,000,000.00 | Ongoing Project |
| 15 | 15/2017/CD/UL | Morogoro Municipal Council | UNR | Soil and Water Conservation for Sustainable Crops Production Around Uluguru Nature Reserve-Morogoro Municipality | 8,000,000.00 | Ongoing Project |
| 16 | 16/2017/CD/EU | Korogwe District Council | ANR, NNR & MNR | Beekeeping Development for Poverty Alleviation and Sustainable Biodiversity Conservation in Amani, Nilo and Magamba Nature Reserves – Korogwe District. | 10,000,000.00 | Ongoing project |
| 17 | 17/2017/CD/NG | Emerge Tanzania | MkNR | Energy Saving Stoves for Sustainable Biodiversity Conservation and Improvement of Livelihoods of Community Adjacent to Mkingu Nature Reserve-Mvomero District. | 10,000,000.00 | Ongoing Project |
| 18 | 18/2017/CD/UD | Southern Highlands Livestock Development Association (SHILDA) | KNR& USNR | Biogas Technology from Animal Waste for Biodiversity Conservation and Improvement of Soil Fertility in the Villages Adjacent to Uzungwa Scarp and Kilombero Nature Reserves-Kilolo District. | 10,000,000.00 | Ongoing Project |
| 19 | 19/2017/CD/EU | Tanzania Environmental Relatives Organization (TERO) | ANR | Tree Planting for Biodiversity Conservation and Improvement of Livelihoods of Local Communities Adjacent to Amani Nature Reserve-Muheza District | 8,000,000.00 | Ongoing Project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|--|--------------------|--|-------------------------------|-----------------|
| 20 | 20/2017/CD/WU | ENEPA Green Consultancy Co (Ltd) | MNR | Involvement of Primary Schools Children in Tree Planting and Management for Sustainable Conservation of Magamba Nature Reserve-Lushoto District | 10,000,000.00 | Ongoing Project |
| 21 | 21/2017/CD/UL | Morogoro District Council | UNR | Promotion of Modern Beekeeping for Poverty Alleviation and Biodiversity Conservation in Uluguru Nature Reserve-Morogoro District | 10,000,000.00 | Ongoing project |
| 22 | 22/2017/CD/UD | Kilolo District Council | KNR& USNR | Involvement of Secondary and Primary Schools in Tree Planting for Improvement of Community Livelihoods and Biodiversity Conservation in Kilombero and Uzungwa Scarp Nature Reserves-Kilolo District. | 12,000,000.00 | Ongoing Project |
| 23 | 23/2017/CD/EU | Mkinga District Council | NNR | Fruit Production for Improvement of Community Livelihoods and Biodiversity Conservation in Nilo Nature Reserve-Mkinga District | 8,000,000.00 | Ongoing project |
| 24 | 24/2017/CD/UL | Mvomero District Forestry Office (TFS) | UNR | Tree Planting through School Children for Poverty Alleviation and Biodiversity Conservation Around Uluguru Nature Reserve-Mvomero District | 8,000,000.00 | Ongoing project |
| 25 | 25/2017/CD/EU | WASAMKWA Group-Mkwakwani Village, Korogwe District | ANR | Beekeeping Development for Improvement of Livelihoods for the Communities Adjacent to Amani Nature Reserve-Mkwakwani Village (Korogwe District) | 3,500,000.00 | Ongoing project |
| 26 | 26/2017/CD/UD | Mufindi District Council | USNR | Horticulture Development for Improvement of Community Livelihoods and Biodiversity Conservation in Uzungwa Scarp Nature Reserve-Mufindi District | 8,000,000.00 | Ongoing Project |
| 27 | 27/2017/CD/UD | Mufindi District Council | USNR | Tree Planting for Biodiversity Conservation and Improvement of Community Livelihoods in Uzungwa Scarp Nature Reserve-Mufindi District | 8,000,000.00 | Ongoing project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|--|--------------------|--|-------------------------------|-----------------|
| 28 | 28/2017/CD/UD | Kilolo District Council | USNR KNR | Pigs Keeping for Poverty Alleviation and Improvement of Biodiversity Conservation in Kilombero and Uzungwa Scarp Nature Reserves- Kilolo District | 8,000,000.00 | Ongoing project |
| 29 | 29/2017/CD/NG | Mvomero District Council | MkNR | Local Chicken Improvement for Poverty Alleviation and Biodiversity Conservation in Mkingu Nature Reserve-Mvomero District | 8,000,000.00 | Ongoing project |
| 30 | 30/2017/CD/EU | KIUMBOKWE Group-Mkinga District | NNR | Horticultural Development for Improvement of Community Livelihoods and Biodiversity Conservation in Nilo Nature Reserve-Mkinga District | 3,500,000.00 | Ongoing project |
| 31 | 31/2017/CD/WU | Lushoto District Council | MNR | Tree Planting for Biodiversity Conservation and Improvement of Livelihoods for Adjacent Communities in Magamba Nature Reserve-Lushoto District | 10,000,000.00 | Ongoing project |
| 32 | 32/2017/CD/UL | Sokoine University of Agriculture (SUA) | UNR | Mobilizing Local Initiatives in Restoration and Conservation of Degraded Mindu Dam Catchment Areas for Improved Livelihoods in the Uluguru Mountains-Morogoro Municipality, Tanzania | 12,000,000.00 | Ongoing Project |
| 33 | 33/2017/CD/EU | Tanga Energy Development Association (TEDA) | NNR | Introduction of Modern Energy Technologies for Sustainable Use of Natural Resources in Nilo Nature Reserve – Mkinga District | 8,000,000.00 | Ongoing Project |
| 34 | 34/2017/CD/EU | Jitegemee Group-Foroforo Village, Korogwe District | NNR | Beekeeping Development for Biodiversity Conservation in Nilo Nature Reserve and Livelihoods Improvement for the Adjacent Communities-Korogwe District | 3,500,000.00 | Ongoing project |
| 35 | 35/2017/CD/UL | Tanzania Association of Foresters | UNR | Rehabilitation of Water Sources and Catchment Areas of Ruvu River in Uluguru Mountains through Tree Planting-Morogoro Municipality | 12,000,000.00 | Ongoing project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|--|--------------------|---|-------------------------------|-----------------|
| 36 | 36/2017/CD/SP | Umoja wa Wafuga Vipepeo Shengema (UWAVISHE)- Same District | CNR | Butterfly Farming for Biodiversity Conservation in Chome Nature Reserve and Improvement of Livelihoods of the Adjacent Community-Same District | 3,500,000.00 | Ongoing project |
| 37 | 37/2017/CD/UD | Sokoine University of Agriculture (SUA) | KNR | Mushroom Cultivation and Preservation for Biodiversity Conservation in Kilombero Nature Reserve and Improvement of Livelihoods of Adjacent Communities-Kilombero District. | 12,000,000.00 | Ongoing Project |
| 38 | 38/2017/CD/UD | Kilombero District Council | KNR& USNR | Beekeeping Development for Biodiversity Conservation in the Uzungwa Scarp and Kilombero Nature Reserves and Improvement of Livelihoods of the Adjacent Communities-Kilombero District | 15,000,000.00 | Ongoing project |
| 39 | 39/2017/CD/NG | Mvomero District Council | MkNR | Improving Livelihood Status of Forest Adjacent Communities Through Beekeeping in Mkingu Nature Reserve-Mvomero District | 10,000,000.00 | Ongoing project |
| 40 | 40/2017/CD/SP | Same District Council | CNR | Beekeeping Development for Poverty Alleviation and Biodiversity Conservation in Chome Nature Reserve-Same District | 8,000,000.00 | Ongoing project |
| 41 | 41/2017/CD/UD | Kilolo District Council | USNR | Improvement of Livelihoods of Local Communities Adjacent to Uzungwa Scarp Nature Reserve Through Keeping Dairy cows-Kilolo District. | 25,000,000.00 | Ongoing project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|---|--------------------|---|-------------------------------|-----------------|
| 42 | 42/2017/CD/UL | MECA-Group | UNR | Reducing Deforestation and Forest Degradation in Uluguru Nature Reserve Through Provision of Appropriate Energy Consumption Technology in Morogoro Municipality | 10,000,000.00 | Ongoing project |
| 43 | 43/2017/CD/UD | Wosia wa Baba Beekeeping organization | UMNP | Beekeeping Development for Biodiversity Conservation and Improvement of Community Livelihoods Around Udzungwa Mountains National Park-Kilombero District | 8,000,000.00 | Ongoing Project |
| 44 | 44/2017/CD/SP | Same District Council | CNR | Domestication of Improved Rhode Island Red Hybrid Chicken for Poverty Alleviation and Reduction of Encroachment in Chome Nature Reserve-Same District. | 8,000,000.00 | Ongoing project |
| 45 | 45/2017/CD/SP | Same/ Mwanga Environmental Conservation Advisory Organization (SMECAO FUND) | CNR | Scaling Up Women Energy Access Through Commercialization of Mkombozi Fuel Efficient Stove for Biodiversity Conservation of Chome Nature Reserve. | 20,000,000.00 | Ongoing Project |
| 46 | 46/2017/CD/UD | Kilolo District Council | KNR&USNR | Fish Farming for Poverty Alleviation and Improvement of Biodiversity Conservation in Kilombero and Uzungwa Scarp Nature Reserves-Kilolo District | 7,000,000.00 | Ongoing project |
| 47 | 47/2017/CD/WU | Lushoto District Council | MNR | Beekeeping Development for Biodiversity Conservation in Magamba Nature Reserve and Improvement of Livelihoods of the Adjacent Communities-Lushoto District | 10,000,000.00 | Ongoing project |
| 48 | 48/2017/CD/EU | Muheza District Council | ANR | Integrated Modern Energy Technologies for Sustainable Use of Natural Resources in ANR-Muheza District | 10,000,000.00 | Ongoing project |
| 49 | 49/2017/CD/UD | Mufindi District | USNR | Beekeeping Development for Biodiversity | 8,000,000.00 | Ongoing project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|--------|---------------|--|-------------|--|------------------------|-----------------|
| | | Council | | Conservation and Improvement of Livelihood of Communities Adjacent to Uzungwa Scarp Nature Reserve-Mufindi District | | |
| 50 | 50/2017/CD/UL | Morogoro District Council | UNR | Tree Planting for Biodiversity Conservation and Improvement of Community Livelihoods in Uluguru Nature Reserve –Morogoro District | 10,000,000.00 | Ongoing project |
| 51 | 51/2017/CD/EU | Friends in Development (FIDE) | NNR | Beekeeping Development for Improvement of Livelihoods of the Community and Biodiversity Conservation in Nilo Nature Reserve-Kitivo Village (Korogwe District) | 7,000,000.00 | Ongoing project |
| 52 | 52/2017/CD/UL | Livelihood Development Tanzania (LIDET) | UNR | Empowerment of Primary School Pupils and Community on Improved Beekeeping Practice for Sustainable Livelihoods and Conservation of the Uluguru Nature Reserve (UNR)-Morogoro District | 12,000,000.00 | New Project |
| 53 | 53/2017/CD/UL | Society of Women and AIDS in Africa (SWAA) | UNR | Conservation Education for Biodiversity Conservation in Uluguru Nature Reserve-Morogoro Municipality | 8,000,000.00 | New Project |
| 54 | 54/2017/CD/NG | Mvomero District Council | MkNR | Preparation of Land Use Plans for 2 Villages Adjacent to MkNR for Sustainable Use of Forest Resources-Mvomero District | 20,000,000.00 | Ongoing Project |
| 55 | 55/2017/CD/EU | Korogwe District Council | ANR | Promoting Sustainable Development of the Communities Adjacent to Amani Nature Reserve Through Raising Awareness to School Pupils on Environmental Management and Conservation-Korogwe District | 9,000,000.00 | New Project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---------------|--------------------|---|--------------------|---|-------------------------------|-----------------|
| 56 | 56/2017/CD/EU | Kazamwendo Group | ANR | Spice Planting for Improvement of Community Livelihoods and Biodiversity Conservation in Amani Nature Reserve-Mlesa Village (Muheza District) | 3,500,000.00 | Ongoing Project |
| 57 | 57/2017/CD/SP | Same/ Mwanga Environmental Conservation Advisory Organization (SMECAO FUND) | CNR | Fish Farming for Biodiversity Conservation in Chome Nature Reserve and Improvement of Adjacent Community Livelihoods-Same District | 15,000,000.00 | New Project |
| 58 | 58/2017/CD/UD | Tanzania Beekeeping Development Organization (TABEDO) | USNR | Empowering Local Communities and School Children to Participate in the Sustainable Management of Uzungwa Scarp Nature Reserve-Kilombero District | 10,000,000.00 | New Project |
| 59 | 59/2017/CD/UL | Youth Support Organization (YSO) | UNR | Youth Empowerment to Reduce Poverty Through Beekeeping Activities in Uluguru Nature Reserve -Morogoro District | 8,000,000.00 | New Project |
| 60 | 60/2017/CD/EU | Mkinga District Council | NNR | Fish Farming for Improvement of Community Livelihood and Biodiversity Conservation Adjacent to Nilo Nature Reserve-Mkinga District | 10,000,000.00 | New Project |
| 61 | 61/2017/CD/UD | Kilombero District Council | KNR, USNR | Horticulture Development for Biodiversity Conservation and Improvement of Community Livelihoods in Kilombero and Uzungwa Scarp Nature Reserves-Kilombero District | 10,000,000.00 | Ongoing Project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|--|----------------|--|-------------|---|---------------------------|-----------------|
| 62 | 62/2017/CD/UL | Chama cha Mazingira na Maendeleo kwa Umma Tanzania (CMMUT) | UNR | Conservation Education through Horticultural Development For Biodiversity Conservation and Improvement of Community Livelihoods in Uluguru Nature Reserve-Morogoro Municipality | 8,000,000.00 | New Project |
| 63 | 63/2017/CD/UL | WAKUAKUVYAMA | UNR | Conservation Agriculture for Biodiversity Conservation and Livelihoods Improvement in Kibungo Juu-Morogoro District | 10,000,000.00 | Ongoing Project |
| Sub Total Community Based Conservation and Development Projects | | | | | 511,500,000.00 | |
| (c) Applied Biodiversity Research Projects | | | | | | |
| 64 | 64/2017/RS/EAM | SUA | EAMs | Development of the EAMCEF Information Management System for Effective Conservation of the Eastern Arc Mountains | 18,000,000.00 | New project |
| 65 | 65/2017/RS/EAM | SUA | EAMs | Does Joint Forest Management Deliver the Triple Participatory Forest Management Objectives-A Case Study of Nature Reserves in the Eastern Arc Mountains of Tanzania | 27,000,000.00 | New project |
| 66 | 66/2017/RS/UL | SUA | UNR | Modeling Fire Incidences and Impact Assessment for Conservation of Biodiversity in Uluguru Nature Reserve, Morogoro Tanzania | 15,000,000.00 | New project |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Amount Approved (Tshs) | Remarks |
|---|----------------|------------------|-------------|--|---------------------------|-----------------|
| 67 | 67/2017/RS/SP | TAFORI | CNR | Serving the Endangered Tree Species <i>Osyris lanceolata</i> Through Ex-situ Conservation in the Eastern Arc Mountains (Case study-Chome Nature Reserve, Tanzania) | 18,000,000.00 | Ongoing project |
| 68 | 68/2017/RS/EU | SUA | ANR, NNR | Enhancing Monitoring of Forest Structure and Threats to Biodiversity Using Remote Sensing Techniques in Amani and Nilo Nature Reserves | 28,000,000 | New Project |
| 69 | 69/2017/RS/EAM | TAFORI | EAMs | Economic Viability of the EAMCEF Supported Income Generating Projects Implemented in Selected Districts Adjacent to the Eastern Arc Mountains Forests, Tanzania | 25,000,000 | New Project |
| 70 | 70/2017/RS/EAM | SUA | EAM | Economic Valuation and Feasibility of Ecosystem Services in Eastern Arc Mountains | 25,000,000 | New Project |
| Sub Total Applied Biodiversity Research Projects | | | | | 156,000,000.00 | |
| GRAND TOTAL | | | | | 926,500,000.00 | |

(2). Unsuccessful Project Proposals.

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|--|-------------|--|---|---------|
| 1 | 01/2017/CD/SP | African Women In Mining Network Tanzania (AFWIMNTZ) | CNR | Scaling up Coal Briquettes Project as Alternative Cooking Energy to Reduce Fuel Wood Consumption at Household Level and Street Food Vendors in Chome Nature Forest- Same District Council, Kilimanjaro | The project has a lot of challenges for adaptation especially domestic use of coal in comparison with other domestic energy alternatives currently available in Tanzania including the Eastern Arc Mountains. Using coal for domestic use needs coal-cooking stoves as well. Instead of the project implementer distributing briquettes from Dar Es Salaam to the beneficiaries, sustainability of the project could be obtained by training women in the villages to produce cheaper coal briquettes and the cooking stoves that would reduce hassles and transportation costs of the briquettes from Dar es Salaam that would also reduce costs and adaptation complications. | |
| 2 | 02/2017/CD/NG | Juhudi Group | MkNR | Plantation Of Mangoes Tree In Hembeti Ward | Not adhered to the application guidelines and proposal-writing format. Justification of the project was not well stated | |
| 3 | 03/2017/CD/UD | Migomba na Uhifadhi wa Mazingira (KIMUMA) | USNR | Plantation of Trees and Modification of Mkingu Nature Reserve in Hembeti Ward | The intellectual merits of the proposal is missing, project rationale missing and justification not well given. | |
| 4 | 04/2017/CD/UD | Evangelical Lutheran Church in Tanzania Ulanga Kilombero | USNR | Promoting Women Employment Through Beekeeping for Poverty Reduction and Environmental Conservation | The intellectual merits of the proposal is missing, project rationale missing. The link between beekeeping and conservation of the Uzungwa Scarp Nature Reserve | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|---|-------------|---|--|---|
| | | Diocese | | | was not clear | |
| 5 | 05/2017/CD/UD | KILOLO DISTRICT COUNCIL | UMNP | Beekeeping for Improvement of Community Livelihoods and Biodiversity Conservation in Udzungwa Mountains National Park | The idea is good but the project was merged with another beekeeping project approved for funding at the same target site. | Project No. 43/2017/CD/UD (Wosia wa Baba Beekeeping Organization) |
| 6 | 06/2017/CD/NG | UMOJA Group | MkNR | Plantation of Trees and Maintainance of Mwesumba Water Source and Dizingwi River in Hembeti Ward | The project idea is good but the methodology was not well stated. Justification for the project was missing | |
| 7 | 07/2017/CD/UD | KILOLO DISTRICT COUNCIL | KNR | Tree Planting for Improvement of Community Livelihoods and Biodiversity Conservation in Kilombero Nature Reserve- Kilolo District | Merged with tree planting project- Uzungwa Scarp and Kilombero Nature Reserves submitted by the same applicant | 22/2017/CD/UD |
| 8 | 08/2017/CD/UL | NAKYA Group | UNR | Beekeeping for Improvement of Community Livelihoods and Biodiversity Conservation in Uluguru Nature Reserve-Mvomero District | Another Project (Sunflower) approved for funding for the same organization/applicant. | |
| 9 | 09/2017/CD/UL | Empowerment of Marginalized Communities (Emac Tanzania) | UNR | Scale up efficient wood fuel stoves and Improved charcoal Kilns to Reduce Deforestation in Morogoro Rural District | The intellectual merits of the proposal is missing, project rationale missing as well. Justification for undertaking the project was not clear | |
| 10 | 10/2017/CD/UL | Sustainable Agriculture Tanzania (SAT) | UNR | Sustainable Farming Communities | The title and content of the project proposal are not clear. | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|---|-------------|---|--|---------|
| 11 | 11/2017/CD/NA | ILUMA Community Wildlife Magement Area | NA | Conservation of Ibiki, Kivukoni and Lupiro Forests Under ILUMA Wildlife Management Area | The proposal is out of the EAMCEF Target Sites | |
| 12 | 12/2017/CD/EU | KILIMAHONDO Group | ANR | Tree Planting for Biodiversity Conservation and Improvement of Livelihoods of Local Communities Adjacent to Amani Nature Reserve- Muheza District | There is no link between project title, objectives, Planned activities and expected outputs. Justification for undertaking the project was not given | |
| 13 | 13/2017/CD/EU | Mkinga District Council | NNR | Supply of Clean Water to the Community living in Boshia Village - Mkinga District, Tanga, Tanzania | The idea is good but the link between conservation of Nilo Nature Reserve and water supply project was not well stated. The Budget is too big such that it would exhaust the whole amount allocated for Mkinga District. | |
| 14 | 14/2017/CD/UD | Ismani Sustainable Environment Conservation and Markerting Association (ISSECAMA) | KNR, UMNP | Bee Farming for Community Livelihood and Conservation of Kilombero Nature Reserve and Udzungwa National Park at Kilolo District | The proponent failed to state how bee farming would contribute in conservation of Uzungwa Scarp and Kilombero Nature Reserves. Methodology of undertaking the project is not clear. | |
| 15 | 15/2017/CD/UD | Kilolo District Council | KNR | Poultry Production for Poverty Alleviation and Improvement of Biodiversity Conservation in Kilombero Nature Reserve - Kilolo District | The intellectual merits of the proposal is missing, project rationale missing, methodology is not clear. There is no clear link between poultry and biodiversity conservation in the area | |
| 16 | 16/2017/CD/UD | Kililo District Council | KNR, USNR | Rabbit Keeping for Improvement of Community Livelihoods and Biodiversity Conservation in Kilombero | EAMCEF funded the same project through the same applicant in the same area but could not give expected outputs | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|--|-------------|--|---|---------|
| | | | | and Uzungwa Scarp Nature Reserves - Kilolo District | due to diseases outbreak. The proponent did not give reasons why he thinks the project would be successful this time and how preparedness is in place to overcome the previous problem. | |
| 17 | 17/2017/CD/NG | Plantation of Trees in Different Institution in Hembeti Ward | MkNR | Plantation of Trees in Different Institution in Hembeti Ward | Not adhered to the application guidelines and proposal writing format. There is no link between the title, objectives, planned activities and expected results. The applicant did not show how tree planting by institutions would contribute to conservation of the core-protected area. | |
| 18 | 18/2017/CD/NG | Mvomero District Council | MkNR | Home Gardening Improvement for Poverty Reduction and Biodiversity Conservation to Women and Youth in Mkingu Nature Reserve | The project idea is good but EAMCEF guidelines and procedures for preparation of proposals were not adhered to. | |
| 19 | 19/2017/CD/NG | Mvomero District Council | MkNR | Nutrition Improvement to Low Income Household Living Around Mkingu Nature Reserve by Incorporating edible mushroom to Their Meals | The project does not state the link between nutrition improvement and conservation of biodiversity in Mkingu Nature Reserve. | |
| 20 | 20/2017/CD/SP | TAFORI | CNR | Promoting Conservation of Village Land Through Establishing Woodlots, Beekeeping and Orchard in the Community Farms Adjacent to Chome Nature Reserve | The proposal is not clear if it is research or community development project. Justification for undertaking the project in relation to the conservation of Chome Nature Reserve was not clearly stated. | |
| 21 | 21/2017/CD/EU | ARI-Mlingano | ANR | Agroforestry and Spices Trees Integration for Sustainable Biodiversity | There is no clear justification of the project as spice trees are already grown | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|--|-------------|---|---|---------|
| | | | | Conservation and Income Generation in Selected Villages Adjacent to Amani Nature Reserve | together with agriculture crops such as banana, sugarcane, cassava, maize etc. as well as other multipurpose trees in the proposed area | |
| 22 | 22/2017/CD/UL | Cure Vision Organization | UNR | Sustainable Conservation of Uluguru Mountain Project (SCUM) | The proponent does not state clearly the activities planned to attain sustainable conservation in the Uluguru Nature Reserve. | |
| 23 | 23/2017/CD/UL | Creativity for Rural Empowerment and Sustainable Development (CRESD) | UNR | Forest Conservation and Management Through Promotion of Trees Plantation, Agroforestry and Energy Saving Cooking Stoves in Longwe and Ukwama Village in Uluguru Nature Reserve. | The narrative part of the project that would help to make readers understand the project justification and the intellectual merit is missing. | |
| 24 | 24/2017/CD/EU | Kizara Conservation Group | NNR | Capacity Establishment of Butterfly Project for the Improvement of Biodiversity in Nilo Nature Reserve (NNR) | Butterfly project is being undertaken as pilot around Chome Nature Reserve therefore replication will be accepted after realizing justifiable income from the ongoing project | |
| 25 | 25/2017/CD/NG | BONDE Group | MkNR | Beekeeping for Improvement of Community Livelihoods and Biodiversity Conservation in Mkingu Nature Reserve [Nguru Mountains Block] | There is other beekeeping projects undertaken by other partners in the proposed area therefore funding of this project would be duplication of efforts which is against EAMCEF policy | |
| 26 | 26/2017/CD/NG | Hepi Gender and Conservation Forum (HGCF) | MkNR | Tree Planting to Increase Tree Population at the Area for Improvement of Livelihood and Reduction of Encroachment in the Mkingu Nature Reserve- Mvomero District Council | Not adhered to the application guidelines and proposal-writing format. There is no clear link between tree planting and conservation of Mkingu Nature Reserve. | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|--------------------------|-------------|---|--|---------|
| 27 | 27/2017/CD/NA | Shafi Mfaume | NA | Improved Low Fuel Cooking Stoves and Sustainable Environment Conservation to Enhance Income Generation and Improve Unemployed Youths Livelihood | The proposed project is outside the EAMCEF target sites. Not adhered to the application guidelines and proposal writing format | |
| 28 | 28/2017/CD/UD | Kilolo District Council | KNR | Improvement of Livelihoods of Local Communities Adjacent to Uzungwa Scarp Nature Reserve by Improving Banana Farming for Food Security, Income Generation, Biodiversity Conservation and Climate Change Adaptations - Kilolo District | Justification and the intellectual merits are not clear. Novelty is missing in the methods proposed. Activities do not show involvement of beneficiaries to enhance ownership and sustainability of the project results. The proponent did not show how banana growing would contribute in improvement of biodiversity conservation in Uzungwa Scarp Nature Reserve. | |
| 29 | 29/2017/CD/EU | Korogwe District Council | ANR | Agroforestry for Land Use Management and Development, Poverty Alleviation and Sustainable Biodiversity Conservation in Aman Nature Reserve | It is not clear on how local communities will be directly involved in the implementation of the project activities. If the project will be accepted transaction costs will be very high. Justification and the intellectual merits are not clear. | |
| 30 | 30/2017/CD/EU | Hapa Kazi Tu | ANR | Household Livelihoods Improvement for Sustainable Management of Amani Nature Reserve - Mkokola Estate Village (Korogwe District) | Not adhered to the application guidelines and proposal writing format | |
| 31 | 31/2017/CD/WU | Korogwe District Council | MNR | Tree Planting for Biodiversity Conservation in Magamba Nature Reserve and Improvement of Livelihood for the Adacent Communities- Korogwe District | The village land available for tree planting in the proposed villages is too small, most of the area is dominated by sisal estates and natural forest therefore adoption of this project by the community is questionable. | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|---|-------------|--|--|---------|
| 32 | 32/2017/CD/WU | Lushoro District Council | MNR | Improving Agroforestry and households' economy through tree Nurseries Establishment and Poultry Keeping to Communities Adjacent to Magamba Nature Reserve | There are other two tree planting projects ongoing in the area, one of them undertaken by the same Institution. | |
| 33 | 33/2017/CD/EU | Mkinga District Council | NNR | Up-Scaling Community-Based Environmental Health Monitoring, Conservation and Sustainable Utilization of Beneficial Insects, Spice Crops Production, Natural/Commercial Tree Planting for Improving Livelihoods for Communities Living Adjacent to Nilo Nature Reserve in Mkinga District | The idea is good but title of the proposal differs with objectives, activates, methodology and contents. Project merits, rationale and justification has a lot of flaws | |
| 34 | 34/2017/CD/EU | AMANI Group | NNR | Tree Seedlings Project for Improvement of Community Livelihoods and Biodiversity Conservation in Nilo Nature Reserve, Mkinga District | The project activities are unlikely to achieve the intended goal of the project. The project lacks innovative approaches that would assure its success | |
| 35 | 35/2017/CD/UD | Vijana K.K.T Madege Parish | USNR | Improved Local Chicken Management Project | The idea is good but lacks merits, rationale and justification. The link between poultry and conservation of USNR is not clear. Methods of implementation lacks novelty. | |
| 36 | 36/2017/CD/NG | Hepi Gender and Conservation Forum (HGCF) | MkNR | Integrated Biodiversity Conservation and Improvement of the Community Livelihoods of the Mkingu Nature Reserve at Kigugu Village, Mvomero District Council | Not adhered to the application guidelines and proposal writing format | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|---|-------------|---|--|---------|
| 37 | 37/2017/CD/UL | Morogoro District Council | UNR | Promotion of Improved Spice (Clove) Production for Poverty Alleviation and Biodiversity Conservation at Uluguru Nature Reserve in Morogoro District | The project does not state clearly how spice (Cloves) growing will contribute in biodiversity conservation in Uluguru Nature Reserve | |
| 38 | 38/2017/CD/UL | MEMA | UNR | Conservation of Marginal Threaten and Endangered Flora of Tanzania "CYCADS" for Effective Conservation of Uluguru Nature Reserve- Municipal Council, Morogoro and Mvomero Districts | The proposed idea is good but the proponent failed to show the link between conservation of the Cycads and improvement of community livelihoods as the main objective of community development projects is to demonstrate direct benefits to the community in relation to biodiversity conservation in the respective protected area. The project could fit better to research | |
| 39 | 39/2017/CD/UD | Kilolo District Council | KNR | Promotion of Beekeeping Activities for Sustainable Conservation of Biodiversity and Improvement of Community Livelihood in Kilombero Nature Reserve in Kilolo District | The EAMCEF had previously funded a beekeeping project at the same target site from the same applicant but could not yield expected results due to unfavourable climatic conditions. | |
| 40 | 40/2017/CD/NA | Jumuiya ya Kukuza uchumi Ilala (JUKUILA) | NA | Support for Conducting JUKUILA Annual General Meeting | The EAMCEF format and guidelines were not followed. Targets non priority sites for EAMCEF funding | |
| 41 | 41/2017/CD/NA | Kikundi cha Uoteshaj Miti ya Mitiki na Ufugaji wa Nyuki (UWAMILU) | NA | Uoteshaji Mtiki na Ufugaji wa Nyuki Lusanga | Not adhered to the application guidelines and proposal writing format Targets non priority sites for EAMCEF funding | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|----------------|----------------------------|-------------|--|--|---------|
| 42 | 42/2017/CD/UL | Morogoro Municipal Council | UNR | Productivity of Agroforestry Systems and its Contribution to Biodiversity Conservation Among Communities in Uluguru Mountains | This application is about agro-forestry. But it has a lot of factual errors e.g. “agroforestry is a unique development cooperation organization...” This proposal is skewed to research only. No activities on community development as required by the intended type of the grant (Community Based Conservation and Development) | |
| 43 | 43/2017/RS/UD | ARI-KATRINE | USNR | Enhancing Farmer Capacity on Mitigation Measure of Degrading Nature Reserve for Sustainable Rice Production in Kilombero Valley Bordering Uzungwa Scarp Nature Reserve | This is primarily an agricultural (rice production) project and it does not show the linkage between the rice production and Eastern Arc mountains in any meaningful way. | |
| 44 | 44/2017/RS/WU | TAFORI | MNR | Establishment of On-Farm Trials with Superior Agroforestry Germplasm for Improved Tree Species Diversity and Quality Around Magamba Nature Reserve | This is a very detailed proposal that is well formulated and contains a lot of good ideas. The potential to improve the exotic trees used by villagers around the Magamba Nature Reserve is considerable. However, this is more of a development than a research proposal | |
| 45 | 45/2017/RS/UL | TAFORI | UNR | Assessing and Predicting Distribution of <i>Rubus Species</i> in Uluguru Nature Reserve | The idea is good but justification for assessing the distribution of <i>Rubus</i> was not well stated. | |
| 46 | 46/2017/RS/EAM | TAWIRI | EAM | Establishment of Eastern Arc Mountains Conservation Endowment Fund (EAMCEF) Research Meta-Database for a Wide Audience | This proposal outlines the intention to make available the various researches that has been conducted in the EAMs on the EAMCEF website. The EAMCEF website already contains a comprehensive compendium of reports and other grey literature on the EAMs. It also contains some of the scientific papers that have been written on these mountains, but by | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|-----------|---------------|------------------------------------|-------------|--|--|---------|
| | | | | | no means everything. Hence the proposal could indeed locate a large number of scientific papers and some historical reports that are not already available. One thing that the proposal does not mention is the literature reserve that was already done by Jack Isango of TAFORI in c.2004. This review provided a list of many scientific papers and would form a strong basis for this project. Only the last 10 years of papers would need to be sourced and some of these are already on the EAMCEF website. There might also arise the issue related to copyright and how these would be overcome. | |
| 47 | 47/2017/RS/EU | Productivity and Development Trust | ANR | Investigating the Possibilities of Improving Participatory Forest Management by Implementing Participatory Decision-Making Methodologies | The project was well written but the applying institution is neither research nor academic institution. The budget is also too big (140 million) for the EAMCEF. | |
| 48 | 48/2017/RS/SP | TAWIRI | CNR | Contribution of Beekeeping Activities Towards Household Economy of Rural Communities in Same District | The proposal is well enough written, but is rather thin in terms of what will be delivered and what outputs will be produced. It seems to mainly be data gathering and the production of a basic report on beekeeping around Chome. Most of the budget is per diems and fuel and car maintenance. | |
| 49 | 49/2017/RS/UD | TAFORI | USNR | Assessing the Potential of Eastern Arch Mountains Forests on Bee Products Production: Case of Uzungwa Scarp Nature Reserve | The project is well developed but the same project is currently being implemented in the area by Sokoine University through the previous | |

| S/ No. | Project No. | Proposing Entity | Target Site | Project Title | Reasons for Rejection | Remarks |
|--------|---------------|------------------|-------------|---|--|---------|
| | | | | | EAMCEF funding | |
| 50 | 50/2017/RS/NG | ARI-CHOLIMA | MkNR | Understanding Climate Change and Adaptation Measure From Below: Intergrated Awareness Program to Rice Farmers, Cane Growers and Livestock Keepers Communities Adjoining Mkingu Nature Reserve in Mvomero District | The project seems to be really about agriculture but is wrapped up in climate change language. The reviewer does not believe that a good outcome would come from funding this project. | |
| 51 | 51/2017/RS/UD | SUA | USNR | Enhancing Large Scale Forest Biomass Measurement and Monitoring Using Existing Data and Remote Sensing Techniques | The same activities were undertaken recently by FORCONSULT during end-line survey for the project Improving Conservation of the Eastern Arc Mountains Forests of Tanzania. There are also a number of ongoing carbon monitoring projects in the Eastern Arc Mountains | |
| 52 | 52/2017/RS/SP | ARI-CHOLIMA | CNR | Increasing Resilience and Adaptation to Climate Change, Reducing Vulnerability of Irrigated Rice Growers Through Linking Chome Nature Reserve Upstream and Rice Production Downstream in Same District | The idea of the project has potential and it was expected a research project linking water from Chome to rice farmers in the lowlands. But the project is not about this and is a mixture of adaptation surveys, field trials, and farmer training. The project might be better suited as a development project, although the development impact is also hard to define in the current project proposal. It seems a real pity that this potentially good idea is not developed into a good proposal that can deliver some worthwhile research that addresses real issues and finds ways to solve them. | |
